FROM
Chief, [REDACTED] 25X1A2gSUBJECT
1966 Summer Employment Program

ACTION REQUIRED - REFERENCES

1. Instructions applicable to the 1966 Summer Employment Program in the ZI have been issued which include the same antinepotism limitation as was applicable to the 1965 Summer Employment Program. This limitation is:

"As a specific requirement concerning personal favoritism, each agency's plan must prohibit employment in the same department or agency of sons and daughters of employees. Agencies having uniformed Services must also apply this restriction to sons and daughters of uniformed personnel of their uniformed Services."

Due to the difficulties which would be involved in our attempting to clear dependents of non-Organization personnel for summer-only employment, an exception to the general policy has been obtained for a limited summer employment program utilizing dependents of Organization personnel.

25X1A2g 2. We have ascertained from [REDACTED] that they plan to have a summer-only employment program this year, but will not hire dependents of their employees at any of their overseas installations. However, they each state that the Chief of each overseas installation has the authority to make temporary appointments at any time during the year to cover peak workloads or periods when an unusually large segment of the work force is on leave. We are advised that there are no family restrictions on who may be employed under this authority; in fact, dependents are normally hired because of security clearances and other reasons.

25X1A

25X1C 3. Since the Chief of Station has authority under [REDACTED] (and a Chief of Base if such authority has been redelegated to him by the Chief of Station) to hire personnel under contract to cover peak workload periods, there is no objection to his use of this authority during the summer months provided such action would be consistent with [REDACTED]. If the Chief of Station plans to use his contracting authority for summer-only employment of dependents, the following rules should apply:

a. The term "dependents" includes only sons, daughters, and wards who will be at least 17 years old and not over 24 years old on 1 June 1966.

e. A Report of Medical History, and a Personal History Statement or equivalent, plus Appendix I will be completed for each individual and copies forwarded to headquarters. The copies of the completed forms sent to headquarters should be forwarded as a separate cover true name attachment(s) to a transmittal dispatch addressed to the area division. Chiefs of Station and Base may issue a Provisional Security Clearance through Secret based upon the Personal History Statement, Appendix I, and local information. No Top Secret or Special Clearances will be approved.

4. At a few stations there may be more applicants than requirements. Sponsors should understand that the Organization will hire only that number of dependents who are required to meet definite and pressing needs of the Organization for high priority work which would otherwise not get done.

5. Sponsors and their dependents should also understand that, under present policies, the Peace Corps will not employ any individual who has previously worked (even in summer-only employment) for the Organization.
